

FUNDING ACKNOWLEDGEMENT REQUIREMENTS

Tree Fruit Industry Stabilization Plan - Light Reflecting Materials

Overview

These requirements have been developed to assist you, as a funding recipient, to appropriately acknowledge the source of funding in all communication materials and products related to your project. Additionally, these requirements will assist you if you choose to initiate a public announcement about your project.

Many projects involve several individuals, organizations, third party contractors and other partners. Please share this information with all those involved in the delivery of your project. As a recipient of funding, **you are expected to include appropriate acknowledgements on all project-related communication materials and products.** These requirements are part of your contractual obligation, and **if not met, may result in project costs being declared ineligible for funding.**

Funding acknowledgements typically include logos (graphic identifiers), a credit line (written statement), and a disclaimer statement. You must submit proofs of all communications materials to be cost-shared in advance of being made public to IAF's Communications Team. Communications Approval must be received before your expense can be produced, used, or reimbursed.

Why?

As stated in your Contribution Agreement or Service Contract, public acknowledgment is a condition when receiving funding from IAF. Public acknowledgment shows how public funds are being spent and raises public understanding of the economic and social benefits of agreements such as yours. When funded projects are successful, acknowledgment of government assistance can provide us with a valuable rationale to continue to support industry organizations in a tangible way.

Public Announcements

The program funding partners will likely announce their investment in your project (i.e. through a media release). Until this media release is published no public announcement about your project / the funding amount is allowed. Please note this does not prevent you from completing project activities, this only applies to announcements about your project or funding.

If you would like to announce your project prior to the media release, the funders may allow client-led funding announcements. If this is something you would like to pursue, please contact the Comms Team with your proposed announcement and we will facilitate the approval process.

Requirements

The communications team is there to help with questions about funding acknowledgement requirements for each type of material. Typically, we recommend the acknowledgement appears near the front of a report or publication, at the bottom of the table of contents, an acknowledgement page or similar. Please reach out early if you would like more guidance on specific item requirements and placement.

In general, you are requested to acknowledge the IAF funding in all project-related materials, activities, or events through a combination of a credit statement, disclaimer, and logos.

1. Written or Verbal Acknowledgement

IAF funding assistance should be acknowledged in any project-related interviews, presentations, publications, signage, promotional materials, publicity materials or other communications materials.

In publications, this wording is normally placed within the first couple of pages in an “acknowledgements” section. This is also a place to acknowledge any other financial supporters, sponsors, or contributors. IAF funding assistance should be recognized using the standard wording:

This project is funded by the Government of British Columbia through programs and initiatives delivered by the Investment Agriculture Foundation of BC.

2. Disclaimer

Please also include the following disclaimer with the acknowledgement statement in publications:

Opinions expressed in this document are those of the author and not necessarily those of the Government of British Columbia or the Investment Agriculture Foundation of BC. The Government of British Columbia, and the Investment Agriculture Foundation of BC, and their directors, agents, employees, or contractors will not be liable for any claims, damages, or losses of any kind whatsoever arising out of the use of, or reliance upon, this information.

3. Logos

The correct logo set should also be included on all printed or electronic materials (publications, signage, presentation materials, promotional materials, publicity materials, etc.). Contact IAF Communications to obtain appropriate logos and usage guidelines.

When using the Province of BC logo, the province requires you to complete a 3rd party use form. Please submit this with your materials.

Process

1. Requirements are received by project recipient
2. Requirements are reviewed shared with the project team
3. Materials are designed
 - a. Posters, reports, research summaries, ads, etc.
4. Materials are submitted to IAF communications for review (communications@iafbc.ca)
 - a. Submit proposed media releases and announcements **4 weeks in advance**, and most other materials **10 days in advance** of distribution
 - b. IAF will review the content, and forward for government review if required.
5. Feedback is received from IAF
 - a. If edits are required, IAF will notify you. You are then required to complete those edits, and depending on complexity, resubmit.
6. Materials are ready for distribution
 - a. IAF will let you know once materials are approved and then you may distribute.

Additional Information

For questions, logos, and material review, contact your Program Manager or IAF Communications at communications@iafbc.ca
