

## 6-DIGIT NAICS CODE REFERENCE LIST

The North American Industry Classification System (NAICS) is an industry classification system developed by the statistical agencies of Canada, Mexico and the United States. It was designed to provide common definitions of industries in order to facilitate statistical analysis of the three economies.

All businesses are registered with a single NAICS code. Applicants will be required to provide their organization's NAICS code at the time of application. A full list of NAICS codes can be found on [Statistics Canada's website](#). IAF has created this handy guide of common NAICS codes relevant to the agriculture and agri-food sector to help applicants find theirs.
