

FUNDING ACKNOWLEDGEMENT GUIDELINES

Climate Agri-Solutions Fund

What is Funding Acknowledgement

Funding acknowledgement is exactly what it sounds like, acknowledging the funders that are making your project possible. It's important to the program funders that funding is appropriately acknowledged, and credit given on any public communications.

If you make a social media post, newsletter update, media release, or other public project communications, the material must be submitted in advance of publication for review and approval. This includes any reports or publications.

You must submit material(s) and receive approval for all communications material(s) in advance of being made public to IAF's Communications Team. Funding Acknowledgment approval must be received before your expense can be produced, used, or reimbursed.

How to Acknowledge Funding

If you want to publicly share any communications materials that relate to your project you will need to acknowledge Agriculture and Agri-Food Canada, this includes for:

- Social Media Posts
- Videos
- Presentations
- Websites/Webpages
- Brochure
- Poster
- Newsletters
- Media Releases
- Report
- Event materials

Announcing Project Funding

If you're looking to announce your project funding publicly, you must reach out to IAF with your proposed announcement at least **four weeks** in advance and IAF will help facilitate the approval process. If Agriculture and Agri-Food Canada haven't announced their investment in your project (i.e. through a media release), they may request that you wait to announce your project publicly until they have made an announcement.

What to Include

In general, you are requested to acknowledge the funders in all project-related materials, activities, or events through a combination of logos, a credit statement, and disclaimer.

1. Logos

The funders logo set should be included on all printed and electronic materials (publications, signage, presentations, promotional materials, publicity materials etc.). Visit the [Project Resource Hub](#) to download the logos and guidelines.

Agriculture and
Agri-Food Canada

Agriculture et
Agroalimentaire Canada

2. Credit Statement

A credit statement should be included in reports, presentations, webpages, newsletters, videos, and media releases. This statement can be placed within the first couple pages or at the bottom of the item in an 'acknowledgment' section along with any project funders.

"This [project/publication/report/event/etc.] was funded by the Climate Agri-Solutions Fund. Funding for the Climate Agri-Solutions Fund has been provided by Agriculture and Agri-Food Canada through the Agricultural Climate Solutions – On-Farm Climate Action Fund."

3. Disclaimer

A disclaimer is required in reports and other publications, especially when they contain recommendations and opinions. Please include the following disclaimer with the acknowledgement statement:

"Agriculture and Agri-Food Canada and the Investment Agriculture Foundation of BC are pleased to participate in the [production/delivery] of this [project/publication/event, etc.]. We are committed to working with our industry partners to address issues of importance to the agriculture and agri-food industry in British Columbia. Opinions expressed in this [report, publication, etc.] are those of [organization name, the authors, etc.] and not

necessarily those of the Investment Agriculture Foundation or Agriculture and Agri-Food Canada.”

How to get Approval

1. **Design Materials**

Design material(s), include appropriate logos and/or credit line.

2. **Submit Materials**

Submit the material(s) on the [IAF Client Portal](#). Please submit material(s) at least 10 days in advance. IAF will facilitate the approval process with the program funders.

3. **Address Feedback**

IAF will provide you with the feedback received from the funders. If required, you may need to edit the material(s) and re-submit for approval.

4. **Receive Approval**

Once the materials have been approved by the funder IAF will notify you to confirm that the material(s) is approved for use.

5. **Use Materials**

Once approval has been given, you're free to use the material(s).
